**THE PART-TIME PRO**

A Magic Lecture by  
**Gene Anderson**

The debut of Gene Anderson's "Part-Time Pro" lecture was for the Academy of Magical Arts in Hollywood. He was nominated for Lecturer of the Year on its very first presentation, and also nominated for Visiting Magician of the Year for that week's performances at the Magic Castle. Since then new editions of the "Part-Time Pro" lecture have been presented at conventions and clubs across the USA and in ten other countries

The premise of the lecture is that most magicians do something other than magic for a living, but many would also like to perform magic for professional fees. From the outset Gene's goal was to deliver a magic lecture that was unique, practical and highly entertaining. Its many repeat bookings (5 times at I.B.M. national conventions) are a testament to that success. Classic magical principles, when framed in modern guise, will fool you while they make you (and laypersons!) laugh. Newspaper magic, almost synonymous with Gene Anderson, is used to demonstrate both newspaper's magical possibilities and some universal lessons in comedy, showmanship and entertainment. A "ten steps" framework for developing your own show makes this a true lecture experience which will inspire you to bring creative approaches and novelty into your routines and presentations.

Gene speaks from experience as a part-time pro: he has performed magic professionally in 21 countries on six continents, and he also has a Ph.D. in chemistry and was a global director in research and development at The Dow Chemical Company. He won seven first prize trophies in magic competitions for stage, comedy, close-up and originality, was on the covers of *GENII* and *THE LINKING RING*, and he was one of only six performers honored as lifetime members of the Magic Circle of Norway. Among his many magical writings, his book "Newspaper Magic," now in its eleventh printing, is one of the best selling ever.

**February Flea Market and  
Teach-ins ...  
another LMC success!**

Many members showed up in February to learn a few things as well as sell some magic for others to learn. Several members had tables full of items to sell or trade. Many items sold at rock bottom pricing. Pods of performers sprang up throughout the room to work on anything from coin and card tricks to even the dancing cane!

## MAGICIANS (MEMBERS) IN THE SPOTLIGHT

LMC Member **Bill Cothron**, made his film debut as a street performer, performing 3 card monte in the locally produced film Breaking and Entering. The film was set to premier on February 13. Bills daughter, Camille Cothron, also played a waitress in the film.

On Friday, February 13, Breaking & Entering premiered at the historic Louisville Palace Theater to record breaking numbers. The sell out crowd of 2,619 was the largest movie audience the Palace has seen in at least the last 30 years, and Kentucky's single biggest independent movie premiere ever.

### BULLETINS VIA EMAIL

Many members have given their email address to receive the bulletin in full color via email. If you would like to receive your LMC Bulletin via email instead of postal mail, there will be a sign up sheet at the next meeting.

You may also send a request via email to [magimike@iglou.com](mailto:magimike@iglou.com).

It's not required to receive your bulletin via email, we are still mailing the bulletins to those who wish to receive it that way.

### LMC WEBSITE ???

Would any members be interested in working on a website for the LMC? At one time, I had a page designed for the LMC, but I was never able to spend the time on it to make it professional. I've seen some other club sites and many are very nice, including bulletin archives, club history, etc. Maybe a few of our younger members who are computer wizards would like to set-up and take charge of this feature for our club.

## From The Prez.

JERRY OLIVER

Spring is almost upon us and if you're like me you're anxious for it to arrive.

There is a lot to look forward to and magic is no exception. LMC has a great lecture scheduled this month. Gene Anderson will be at the Executive Inn on March 23. Make plans now, this is one you don't want to miss. Gene's famous newspaper tear is only a signature effect of his; he is an outstanding magician, lecturer and inventor of magic. We are expecting a large turnout so come early to get a good seat.

If the anticipation of our March lecture wets your appetite for more magic, then consider supporting our neighbors in Knoxville Tenn. They will be hosting the Winter Carnival of Magic, March 11, 12, 13, 2004. It is one of the nation's and the Southeast's foremost magic conventions. There are always lots of dealers in addition to their lineup of great magicians and lecturers. Just visit their web site at <http://www.ibmring58.com/specials.htm> for details. I have attended this event before and it is a great location to take the family it's only 5 hours from Louisville. Besides Magic this vacation community has much to offer as it is held in Gatlinburg, Tennessee in the Great Smoky Mountains.

## A Note from the Editor ...

I received this note from our former editors Earl and Mid Bullard to place in the bulletin and felt it was fitting to place it here. There is a lot of work that goes into this Bulletin to get it in the mail each month, and the Bullards, Earl and Mid, did it every month for 20 years! It's a hard job and they were very much deserving of the recognition that they received at the Christmas Banquet.

### *From the Bullards ...*

Dear Friends in Magic,

First things first – our sincere apologies for being so tardy with this note. We were both overwhelmed with the honor and -to-us undeserved, for the recognition, the beautiful roses and the wand presented to us at the Annual Holiday Banquet. The plaque is beautiful and already has a place of honor on the wall. We sincerely feel that they were undeserved, but we really loved the kind words that accompanied them. LMC members are the "Greatest!!" We love you all.

Earl and Mid. B.

Make sure when you see the Bullards that you let them know that they were very deserving of the recognition and that you appreciate them and their contributions to our LMC!

Well that's my ramblings for this month, I hope to see you all at the upcoming events.

– Michael
